Supply Chain Planner

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The Supply Chain Planner is responsible for leading end-to-end demand, supply, and inventory planning across multiple regions and time zones. This role supports global operations by managing planning activities with regional teams, suppliers, and manufacturing sites worldwide. The role ensures product availability, optimizes global inventory, and drives cross-functional alignment through effective communication, process leadership, and use of advanced planning tools to optimize the supply chain to improve service levels and reduce costs.

You will be reporting inventory data to customers and managing the ERP system to ensure continuity of supply

Ensuring forecast versus usage is on plan and managing weekly meetings with the customer

Managing non performing stocking profiles and propose shipping schedules required to regain

Minimum Stocking levels

Managing deliveries (incoming and outgoing) to offsite warehouses

Placing orders and establishing reliable and efficient supply routes for opportunities in new territories

- This vacancy is suitable for Remote/Blended working
- **Sector:** transportation and storage

Career Level

- Experienced [Non-Managerial]
