### Job Description

Multiple Locations :

- MCELVANEYS MOTORS LTD. N Rd, North Road, Finglas, Dublin 11, D11 C3VF
- MCELVANEY MOTORS LIMITED, Dublin Rd, Killymarl, Monaghan, Co. Monaghan, H18 VK16

Independently carry out repairs, calibrations and troubleshooting on Scania vehicles electronic control systems and electrical components using PC diagnostics with an emphasis on non-intermittent faults. Diagnose, analyse and rectify all types of faults, including engines, gear boxes and retarders, brakes systems, pneumatic and electric components. Diagnose, check and set the mechanical systems. Set up accessories and specific equipment on the vehicles. As required, attend to broken down vehicles at the roadside or on customer's premises as part of Scania Assistance, following appropriate routines and procedures including roadside safety laws and regulations. Provide technical advice to customers and colleagues. Ensure all job cards and service sheets are completed correctly. Understand and work according to parts ordering procedures. Maintain a thorough and up to date knowledge of products and attend training courses. Use and apply knowledge, training, technical and personal skills to carry out work allocated. Ensure that customer requirements and expectations are met, through the provision of quality workmanship. Ensure that all customer and company vehicles and property, including workshop tools and equipment, are handled appropriately, exercising due care and control. Comply with Health and Safety regulations and safe working practices. Maintain a high standard of cleanliness and tidiness, ensuring the workshop and common areas are kept clean and are in order.

- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles
