Electronic Security Systems - Apprenticeship

Job Description

First Year Apprentice Vacancy

Join Our Growing Team

We're looking for a motivated Electronic Security Apprentice to train and develop within our fast-paced, professional environment. If you're passionate about technology, enjoy hands-on work, and want a career with clear progression, this could be the perfect opportunity.

What You'll Learn

- Installation and maintenance of CCTV, access control, and intruder alarm systems
- Fault-finding and system testing
- Working with cabling, tools, and electronic components
- Customer service and on-site communication skills
- Health and safety standards in the security industry

What We're Looking For

- Keen interest in electronics or engineering
- Good problem-solving skills
- Reliable, punctual, and eager to learn
- Full driving licence (or working toward one) preferred

What We Offer

- Full apprenticeship training
- Mentoring from experienced engineers
- Competitive apprentice wage
- Clear career pathway into a qualified Security Engineer role
- Friendly, supportive team environment

How to Apply

Send your CV and a short introduction.

For more information please see [apprenticeship.ie](https://www.apprenticeship.ie)

Note: As part of the national apprenticeship system, there are formal requirements for approval of an employer's suitability to train apprentices and for registration of apprentices. Advertising on this site does not guarantee that Employers are approved to recruit and train for apprenticeship positions.
