## Civil Engineer - Apprenticeship

### Job Description

First Year Apprentice Vacancy

Wills Bros Ltd is one of Ireland's leading civil engineering contractors, delivering major infrastructure projects including roads, bridges, marine works, and large-scale transportation developments.

We are currently recruiting Civil Engineering Apprentices to join our team starting September 2026.

This programme offers an exciting opportunity to earn while you learn, combining hands-on experience on real construction projects with academic study.

### Apprenticeship Programme

- \* Our apprenticeship is delivered in partnership with:
  - \* Atlantic Technological University (Sligo or Galway)
  - \* Munster Technological University (Cork)
- \* During the programme you will gain practical experience on active construction sites while studying towards a recognised engineering qualification.
- \* Upon completion, apprentices will have the educational foundation to pursue professional registration with Engineers Ireland.

### What You'll Gain Experience In

- \* Working alongside experienced engineers and site teams, you will learn how major infrastructure projects are delivered.
- \* Setting out and dimensional control of site works
- \* Reading and interpreting construction drawings and specifications
- \* Supporting site planning and coordination activities
- \* Assisting engineers and construction managers with project delivery
- \* Carrying out quality checks and site inspections
- \* Learning health and safety procedures on large construction projects
- \* Supporting surveying and monitoring activities
- \* As your experience grows, you will also gain exposure to:
  - \* Construction planning and sequencing
  - \* Temporary works inspections
  - \* Risk assessments and method statements
  - \* Quality assurance processes and site documentation
  - \* Engineering problem solving on live projects

#### Qualification

On successful completion of the programme you will receive either:

- \* QQI Level 6 Higher Certificate in Civil Engineering, or
- \* QQI Level 7 Bachelor of Engineering in Civil Engineering
- \* depending on programme progression.

#### Location

- \* You will gain experience on Wills Bros projects across Ireland.
- \* A willingness to travel to different project locations is essential.
- \* A full clean driving licence is required.

#### Who Should Apply?

- \* We are looking for candidates who:
- \* Have a minimum Pass in Maths at Level 5 (or equivalent)
- \* Are interested in engineering, construction, and infrastructure
- \* Enjoy practical, hands-on work
- \* Are motivated to develop a career in civil engineering
- \* No previous experience is required.

#### What We Offer

- \* Structured training and mentoring
- \* Practical experience on major civil engineering projects
- \* Competitive apprentice salary and benefits
- \* Clear career progression opportunities
