In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

C.J. Sheeran Limited seeking 1 Senior Supply Chain Specialist (Business Analyst)

Job Description:

To deliver advanced big data analytics and strategic decision support across logistics and supply chain operations. The role involves analysing complex datasets, developing dashboards and KPIs using SAP Analytics Cloud, SAP S/4HANA Embedded Analytics, SAP Datasphere, and Power BI, and conducting predictive modelling and cost-benefit analysis.

Key Responsibilities:

- Collect, integrate, and analyse large-scale logistics and supply chain data to identify trends, inefficiencies, risks, and opportunities for improvement.
- Develop forecasting and predictive models to support demand planning, capacity management, and network optimisation.
- Design, develop, validate, and maintain enterprise-level dashboards, KPIs, and executive reporting frameworks using SAP Analytics Cloud (SAC), SAP S/4HANA Embedded Analytics, SAP Datasphere, Power BI, and other enterprise business intelligence platforms.
- Conduct cost-benefit analyses, scenario modelling, and financial assessments to support operational decisions and improve efficiency.
- Collaborate with operations, warehouse, transportation, finance, IT, and leadership teams to define analytics requirements and drive process improvements.
- Maintain data governance, documentation, and reporting standards to ensure accuracy, compliance, and consistency.
- Support digital transformation initiatives, including enterprise system integration, automation, and analytics enhancements.

Qualification Requirement:

- Master Degree in Supply Chain Management

- At Least 1 year experience in similar field
