## Carpenter

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Fire Containment Limited, established in 2016, is a leading provider of passive fire protection solutions for the construction industry in Ireland. Our team is dedicated to delivering certified fire protection and acoustic products, tailored to the unique requirements of each project. We offer services ranging from firestopping, fire dampers, and intumescent paint application to fire doors, cavity barriers, and fire-rated partition walls and ceilings. Committed to safety and quality, our FIRAS & ASFP certifications demonstrate our adherence to the highest industry standards. Our mission is to enhance building fire safety and provide optimal conditions for evacuation and firefighter response during emergencies.

### Role Description

We are seeking an experienced and skilled Carpenter to join our team. Competitive rates apply. This is an on-site, full-time position that involves installation, maintenance, and repair of fire-rated doors, walls, and other fire protection systems. Responsibilities include reading and interpreting drawings, cutting and assembling various materials with precision, operating hand and power tools, and ensuring all work complies with safety and fire protection standards. Collaboration with team members and adherence to project schedules are crucial to success in this role. Jobs are in various locations and mainly within Leinster.

### Qualifications

Skilled in 2nd fix Carpentry

Experience using Hand Tools and Power Tools required for precise woodworking and installations

Ability to follow technical specifications, drawings, and safety regulations

Good problem-solving and troubleshooting skills

Attention to detail and commitment to high-quality work

Prior experience in fire-rated installations or passive fire protection is an advantage

Valid certifications ie Safe Pass, drivers licence
