Paediatric Occupational Therapist

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The Paediatric Occupational Therapist will provide assessment, intervention, and rehabilitation services for children with a variety of developmental and medical needs. This is an on-site role based in Swords, with responsibilities that include collaborating with families and other professionals, developing personalized treatment plans, tracking progress, and promoting skill development in children. The therapist will also contribute to team discussions and assist in addressing unique child-specific challenges. This is a full-time position.

Education requirements*:-

Experience and expertise in Occupational Therapy, including assessment, intervention planning, and rehabilitation services

Knowledge of Paediatrics and Medicine as they relate to child development and care

Strong Communication skills to collaborate effectively with families, caregivers, and interdisciplinary teams

Ability to create child-centered, evidence-based treatment plans with a focus on meeting client-set goals

Relevant academic qualifications, such as a degree in Occupational Therapy

Registration or eligibility for membership with relevant professional bodies

Experience working with children with diverse developmental needs is an advantage

Commitment to maintaining a high standard of care and professional development

Applications from non-EEA qualifications or EEA qualifications of non-EEA nationals will be assessed in line with the processes of the validation unit of the Department of Health.

Salary: According to HSE Pay Scales and based on experience

Hours per week: 35 to 40

Driver's license preferable (but not necessary)

Good command of the English language
