Data Analyst

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit.Please review the Eligibility and requirements for an employment permit if you are unsure of your eligibility to apply for this vacancy.

Job Description

Duna AI Ltd is a technology company based in Ireland. We are currently recruiting a Data Analyst to support our data operations.

Key Responsibilities:

Collecting, cleaning and analysing data from multiple sources

Developing and maintaining reports and dashboards

Supporting data quality checks and documentation

Assisting with ad-hoc data queries and analysis

Working with internal teams to understand and meet data requirements

Essential Requirements:

Degree or equivalent qualification in a relevant discipline (e.g. Data Analytics, Computer Science, Business Information Systems or Law with analytical focus)

Relevant postgraduate qualification or practical experience in data analytics

Proficiency in SQL and data visualisation tools (e.g. Power BI or Tableau)

Strong analytical and problem-solving skills

Excellent written and verbal English communication skills

Must be available to work 39 hours per week.

Desirable:

Experience with cloud platforms or data governance
