## Assistant Professor in Health Policy and Public Health

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Post ID: 039026

The primary purpose of this specific-purpose post is to contribute to a full-time position as Assistant Professor in Public Health. The successful applicant will contribute to research and to undergraduate and postgraduate teaching within the Discipline of Public Health and Primary Care (PHPC). In addition, they will serve as Coordinator of the Addiction Research Network Ireland (ARNI), a national collaborative platform currently in development and to be launched within the Institute of Population Health (IPH). ARNI is led and directed by Professor Jo-Hanna Ivers and is intended to become an internationally connected network facilitating partnerships among academic institutions, policymakers, service providers, individuals with lived and living experience, and citizen scientists. The post holder will work under the strategic leadership of Professor Ivers to coordinate the establishment and launch of ARNI, and to support its subsequent development at national and international levels. The successful candidate will be an excellent academic from addiction science, health policy, public health, health management, or a related social science discipline. They will demonstrate extensive experience in coordinating interdisciplinary and intersectoral research initiatives, alongside substantial postgraduate teaching experience, including postgraduate supervision. A strong track record of research achievement is required, evidenced by high-quality peer-reviewed publications and success in securing competitive research funding.
