Electronic Repair Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Main Responsibilities

Diagnosing and troubleshooting issues in electronic devices such as TV boards, LED panels, and related components.

Conducting thorough testing and analysis to identify faulty components and perform necessary repairs.

Performing soldering, rework, and component replacement at the board and panel level.

Maintaining a clean and organized workspace to ensure efficiency and safety.

Assisting engineers on specialized projects related to electronic repairs.

Preparing repaired hardware for installation and testing.

Requirements

Proven experience as an Electronic Repair Technician, specifically with TV boards and LED panels.

Proficiency in diagnosing and repairing various electronic devices, with a focus on TVs and related components.

Strong micro soldering skills and experience with component-level repair techniques.

Knowledge of electronic schematics and circuit diagrams essential for effective troubleshooting.

Excellent problem-solving abilities and meticulous attention to detail.

Strong communication and customer service skills to interact with clients and team members effectively.

Ability to work independently as well as collaboratively in a team environment.

Willingness to learn and adapt to new technologies and repair methods as they evolve.

Benefits

Competitive salary and comprehensive benefits package.

Positive and professional working environment with a focus on teamwork and collaboration.

Daily exposure to new challenges and opportunities for professional growth.

Internal and external training programs to enhance your skills and knowledge.

Minimum Qualifications

Minimum of 2 years' experience in a similar role, specifically in electronic repair focusing on TV boards and LED panels.

Proven track record in electronic equipment repair, demonstrating expertise in troubleshooting and fixing electronic devices.

Advanced micro soldering and troubleshooting skills with a commitment to delivering high-quality repairs.

Excellent organizational and time management skills to handle multiple tasks efficiently.

Strong dedication to providing exceptional service and ensuring customer satisfaction.
