Job Description

We are currently seeking an experienced Spa & Wellness Therapist / Spa Manager to lead and deliver exceptional service within our luxury hotel spa and wellness centre. This is a hands-on leadership role, ideal for a highly skilled therapist who is ready to combine treatment delivery with operational management in a refined, guest-focused environment.

The successful candidate will play a central role in shaping the wellness experience, driving revenue, managing a small professional team, and ensuring that the spa reflects the quality, standards, and reputation of a luxury hotel, while retaining the personalised service expected in a boutique setting. This role is particularly suited to professionals who enjoy: managing a smaller, high-quality wellness /spa operation, delivering personalised guest experiences rather than high-volume treatments, having a visible impact on service standards, guest satisfaction, and spa performance
