Job Description

Job Description:

We are currently seeking an experienced and reliable Onsite Structural Steel Painter to carry out paint repair works on structural steel. The successful candidate will be responsible for ensuring high-quality finishes while adhering to all safety and project specifications.

Key Responsibilities:

- Carry out repair painting on structural steel to required standards
- Ensure all coatings meet project specifications and quality requirements
- Accurately measure and record Dry Film Thickness (DFT)
- Complete and maintain detailed DFT records and climate reports**
- Use equipment such as Elcometer for inspection and reporting
- Always follow all onsite health and safety procedures
- Work efficiently both independently and as part of a team

Requirements:

- Valid MEWP certification
- Valid Safe Pass
- Proven experience in structural steel painting / industrial coating
- Ability to accurately record DFT readings and environmental conditions
- Familiarity with Elcometer equipment (or similar)
- Strong attention to detail and commitment to quality
- Good communication and organizational skills:

Desirable:

Experience working on construction or industrial sites

Additional safety certifications

What We Offer:

- Competitive rate (based on experience)
- Opportunity to work on reputable projects
- Supportive and safety-focused work environment

Only candidates with the required certifications will be considered.

- **Sector:** construction
