Mechanical Design Engineer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Hi-Spec Engineering Limited are recruiting Mechanical Design Engineers for their site Station Road, Kilcarrig, Bagenalstown, Co. Carlow.

Job description;

- Producing 3D models & 2D fabrication drawings for customised machine orders.
- Producing detailed specifications and designs based on customer requirements. These will include hydraulic, electrical and pneumatic elements.
- Liaising with production during fabrication and assembly of customised machines. A hands-on approach is expected.
- Producing bills of materials for designs. Ensuring all the required components and elements of the design are completed on time and to the correct specification.
- Liaising with sales personal and customers to ensure the correct setup and use of finished machines. Providing documentation where required.
- Archiving all design details for future reference and after sales support.

Requirements;

- Experience in the agricultural machinery industry.
- Diploma/Degree level education in Mechanical Engineering.
- Experience working with MS Excel and Solidworks.
- Experience working with agricultural machinery.

This is a full time role, 39 hours per week. Remuneration is €36,605 to €42,000 per annum, based on experience.
