Graduate Environmental Consultant

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

- Supporting with the coordination of Environmental Impact Assessments (EIAs) and other non-statutory environmental appraisals.
- Coordinating a multi-disciplinary team of environmental specialists inputting to environmental assessments and environmental design inputs.
- Collecting and analysing data including conducting field surveys.
- Carrying out desk-based baseline constraints studies and appraisals.
- Writing reports and sharing findings with multi-disciplinary colleagues, clients, sub-contractors and/or regulators or other stakeholders.
- Advising on the best course of action based on industry standards and assessment conclusions.
- Managing legislative issues for clients and maintaining an awareness of how legislation impacts projects.
- Working with colleagues, clients, environmental specialists and engineering teams to promote sustainable design solutions and environmental enhancement.
