Dog Trainer Assistant

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

I am looking for the person to work alongside me with dogs and dog training. This is a role for someone who wants to work with dogs professionally and understands that this work requires responsibility, focus, and commitment.

This is not a casual job and not for people looking to try something for fun. Working with dogs requires discipline, patience, and the ability to stay calm in demanding situations. Safety for dogs and people always comes first.

There is no office environment and no shortcuts. The work is practical, physical, and focused entirely on dogs and behaviour.

The right person will learn how I work with dogs and over time may develop into a trainer themselves. Someone who already has training experience is also welcome to get in touch.

Responsibilities:

- Assisting during dog training sessions
- Handling dogs during training and behaviour work
- Supporting daily dog care and management
- Learning proper dog handling and training methods
- Maintaining safety and control around dogs at all times

If you want to learn real dog handling and develop into a trainer, this could be the opportunity.

- **Sector:** other service activities
