Experienced Addiction Nurse / Psychiatric Nurse Community-Based Role | Dublin 1

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Experienced Addiction Nurse / Psychiatric Nurse Community-Based Role | Dublin 1

Salary: €46,226 (aligned to experience)

Hours: 35 hours | Monday–Friday

This Work Requires More Than Clinical Skill

This role is for nurses who understand that addiction is complex, recovery is non-linear, and trust is built over time.

You'll join a community-based multidisciplinary team, working with individuals experiencing addiction, mental health challenges and homelessness.

This is frontline, relationship-based care — delivered in homes, on the street and within the community.

What You'll Do

Provide specialist addiction nursing care in real-world settings

Deliver harm reduction and overdose response interventions

Support individuals with dual diagnosis needs

Manage wound care, BBVs and long-term health conditions

Carry out domiciliary visits and outreach work

Work collaboratively with health, housing and social care services

What Success Looks Like

Clients feel respected, safe and supported

Care is consistent, non-judgemental and evidence-based

You build trust in environments where it's often lacking

Who This Role Suits

An experienced nurse who is:

Comfortable working outside traditional clinical environments

Confident managing complexity and risk

Grounded, practical and person-centred in their approach

What You'll Get

Stable, daytime working pattern (Mon–Fri)

Strong focus on CPD and supervision

A team that values good practice and mutual support

Work that has visible, real-world impact

- **Sector:** human health and social work activities

Career Level

- Experienced [Non-Managerial]
