CNC Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Established in 1988, Gunn Lennon Fabrication Ltd (GLF) supplies specialist design, fabrication and installation services to the construction industry. It designs, manufactures and installs high specification metal and glass facades in Ireland and the UK.

GLF are now recruiting for a CNC Operator willing to work and develop their professional career in the field of facades.

Responsible for producing machine parts by operating a CNC machine whilst adhering to strict quality and safety standards.

Key Responsibilities

- Proficient in machine operation
- Loading of raw materials & unloading of completed parts
- Requirement to operate multiple machines simultaneously
- Performs inspections of own parts and co-workers work
- Follows instructions when selecting appropriate tooling and fixtures
- Uses measurement tools such as snap gage, digital callipers, micrometres, optical comparator and other measuring instruments
- Adjusts tooling & work offsets
- Minor editing of current programme
- Ability to make adjustments to assure dimensions, tolerances and quality of parts
- Performs preventative maintenance on equipment including top-off lubricants
- Cleaning responsibilities includes equipment, chip removal and work area
- Follows established procedures as well as quality and safety standards
- Maintains a safe work environment

Experience

- Experience in using power tools/drill.
- Experience working within a fast paced factory environment.

- Carpentry & engineering experience will be an advantage.

Key Skills

- Good verbal and communication skills.
- Ability to work on own initiative while contributing effectively to the team environment.
- Ability to read, understand and follow written and verbal instructions.
- Ability to work in a busy production environment.
- Excellent attendance record and willingness to work overtime as and when required.
- A positive attitude, reliable, punctual and keen.

Work Environment

Machine shop environment which may require the use of industrial hearing protection and/or other protective equipment.

Physical demands will require manual handling.

- **Sector:** construction

Career Level

- Experienced [Non-Managerial]
