Finance Project Manager

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Lead end-to-end financial project lifecycle management, ensuring alignment with client investment objectives, regulatory frameworks, and delivery timelines.

Develop and implement advanced financial models (DCF, scenario analysis, sensitivity testing) to support investment analytics and strategic decision-making.

Design and manage risk analytics frameworks, covering market risk, credit risk, and operational risk using quantitative and statistical methodologies.

Conduct credit risk assessments, including borrower profiling and modelling of probability of default (PD), loss given default (LGD), and exposure at default (EAD).

Develop and deploy fraud analytics solutions, leveraging anomaly detection, transaction monitoring, and behavioural analytics techniques.

- **Sector:** human health and social work activities
