Job Description

We are looking for an experienced Regional Account Health & Safety Manager to lead and embed a strong safety culture across a large, multi-site account. This is a high-impact role where you'll provide expert guidance, influence senior stakeholders, and ensure full compliance with health, safety, environmental, and risk management standards.

Reporting to the Divisional Health & Safety Lead, with a dotted line to the Account Manager, you will play a key role in driving continuous improvement and supporting operational excellence across all service lines.

Key Responsibilities

Lead health & safety across the account, embedding policies, procedures, and behavioural safety initiatives into day-to-day operations

Provide expert advice and support to operational and management teams on occupational health & safety matters

Plan, conduct, and support internal and external audits, including client and compliance audits

Implement, maintain, and continuously improve HSEQ management systems (ISO 45001, 9001, 14001)

Drive behavioural safety and safety culture initiatives through leadership engagement and workforce participation

Ensure timely reporting, investigation, and root cause analysis of incidents, near misses, and non-conformances

Develop and review site-specific risk assessments, procedures, and safe systems of work

Support business continuity planning and emergency response preparedness

Monitor performance data, identify trends, and deliver targeted improvement initiatives

What We are Looking For

Essential

NEBOSH Certificate (or equivalent) in Occupational Health & Safety

Membership of IOSH

Strong working knowledge of current Health & Safety legislation

Proven experience in Facilities Management or a similar multi-site environment

Experience with ISO 9001, ISO 14001, and ISO 45001

Excellent communication and stakeholder management skills

Ability to prioritise, manage deadlines, and work independently
