Security Operations & IT Supervisor

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

About the Role:

Manguard Plus is seeking an experienced and capable Security Operations & IT supervisor to oversee day-to-day security operations at a critical national infrastructure site in Dublin. This is a supervisory and people management role requiring strong leadership, operational coordination, and reporting skills. The successful candidate will lead an on-site security team, act as the primary point of escalation, and ensure operational continuity and compliance at all times.

Key Responsibilities:

Lead, supervise, and coordinate the on-site security team on a day-to-day basis

Manage shift scheduling, team deployment, and workforce planning to ensure adequate site coverage

Act as the primary point of escalation for incidents, ensuring swift resolution and operational continuity

Maintain accurate operational reports, logs, and compliance documentation in line with client and regulatory requirements

Conduct regular briefings, performance reviews, and coaching sessions with team members

Liaise with the client site management team to understand operational needs and communicate updates

Support onboarding, and induction processes for new team members

Monitor and enforce health, safety, and security protocols across the site

Identify operational risks and recommend process improvements to management

Requirements

Minimum 3 years' experience in a security, operations, or facilities management environment

Demonstrated experience in team leadership or supervisory roles

Strong people management skills including scheduling, performance management, and conflict resolution

Excellent written and verbal communication skills

Ability to produce accurate operational reports and maintain compliance records

Valid PSA licence (or willingness to obtain)

Proven ability to manage competing priorities in a fast-paced environment

Desirable:

Experience working at a critical infrastructure or corporate campus site

Familiarity with HR systems, rostering software, or incident management tools

Third-level qualification in security management, business, or a related discipline

What We Offer:

Competitive salary of €37,000 per annum

Stable, long-term position with an established national security provider

Opportunities for career development and progression into senior operations roles

Supportive management structure and collaborative working environment

How to Apply:

Please submit your CV and a brief cover letter outlining your supervisory experience and suitability
