Painter & Decorator - (Senior Position) – Specialist in High-Spec & Decorative Finish Systems

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are seeking a highly experienced Painter & Decorator (Senior Position) to join our renovation team. This position is strictly suited to a professional with advanced technical knowledge and specialist decorative skills, capable of delivering bespoke, high-end finishes within residential and mixed-use renovation projects.

The role goes far beyond standard painting and requires artisan-level execution, deep material knowledge, and the ability to work independently to exacting quality standards.

Key Responsibilities

Full assessment and preparation of complex substrates including plaster, concrete, timber, MDF, lime-based and previously coated surfaces.

Advanced surface correction: skim repairs, joint rectification, micro-filling, moisture diagnosis, and multi-stage sanding.

Execution of specialist decorative finishes, including:

Marble-effect and stone-effect imitation walls

Faux finishes replicating natural minerals and stone

Textured walls using layered compounds and specialist tools

Multi-colour, layered and depth-effect wall systems

Application of specialist coatings: oil-based, water-based, mineral, limewash, breathable and decorative systems.

Precise colour matching, blending, sealing, and protection of decorative finishes.

Strict control of drying times, curing conditions, and environmental factors.

Operation of professional spraying and finishing equipment where required.

Coordination with other skilled trades to ensure correct renovation sequencing.

Full compliance with Irish Health & Safety regulations and site protocols.

Mandatory Requirements

Minimum 5 years' proven experience as a Painter & Decorator in high-spec renovation or specialist decorative finishing.

Demonstrable experience (portfolio or evidence) of marble, stone, textured and multi-colour decorative walls.

Advanced understanding of surface behaviour, adhesion, and decorative failure prevention.

Ability to interpret technical data sheets, method statements, and bespoke finish specifications.

Exceptional attention to detail, manual dexterity, and tolerance for precision work.

Ability to work autonomously with minimal supervision.

Strong reliability, punctuality, and commitment to C&Y Renovations' quality standards.

Work carried out at various client sites in Cork and surrounding areas.
