IT Operations Technicians

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

IT operations technicians are responsible for the day-to-day running of IT systems and networks including the preparation of back-up systems, and for performing regular checks to ensure the smooth functioning of such systems.

Common tasks include:

- administers, monitors and supports internal/external networks, servers, email, database and security systems;
- configures and sets up new server systems;
- schedules and performs system maintenance tasks, such as loading user applications, programs and data;
- analyses systems and makes recommendations to improve performance;
- identifies problems, agrees remedial action and undertakes emergency maintenance if required;
- performs server backup and recovery operations and restarts systems following outages;
- acts as a liaison between users, outside suppliers, and other technical teams.

- **Sector:** transportation and storage
