Concrete Pump Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Western Concrete is seeking an experienced and reliable Concrete Pump Operator to join our growing team. The successful candidate will be responsible for the safe and efficient operation of concrete pumping equipment across a variety of commercial, residential, and civil engineering projects throughout Connacht and beyond. Key Responsibilities

- Operate boom, line, and/or trailer concrete pumps on construction sites
- Set up, operate, and dismantle pumping equipment safely and efficiently
- Coordinate with site managers, foremen, and concrete delivery drivers to ensure smooth pours
- Carry out pre-start inspections, routine maintenance, and basic fault-finding on equipment
- Ensure all work is carried out in compliance with health & safety regulations
- Complete relevant paperwork including delivery docketts and inspection records
- Maintain a clean and organised working environment around the pump
- Represent Western Concrete professionally on all sites

- **Sector:** construction

Career Level

- Experienced [Non-Managerial]
