Description

Job Description

Location: Drumnahinchin, Castleshane, Co. Monaghan, H18 YX62

Number of Vacancies: 4

Employment Type: Full-time, Permanent

Hours of Work: 39 hours per week

Rate of Pay: €23.00 per hour = € 46644 annual

Job Description

Thermaform Ltd is currently seeking experienced Shuttering Carpenters to join its construction team on residential and commercial projects in Co. Monaghan.

The successful candidates will be responsible for the construction, installation and dismantling of temporary formwork and shuttering systems used in reinforced concrete works, in accordance with engineering drawings, safety standards and site requirements.

Key Duties & Responsibilities

Construct, install, align and dismantle temporary formwork and shuttering systems for reinforced concrete structures, including walls, columns, slabs and foundations

Assemble and position formwork accurately in line with structural drawings, formwork layouts and specifications

Ensure formwork is correctly braced, supported and secured prior to concrete pours

Carry out adjustments and checks to maintain dimensional accuracy and tolerances

Work closely with site engineers, foremen and supervisors to ensure concrete works are executed safely and to specification

Inspect formwork components and carry out basic maintenance to ensure safe reuse

Comply with all construction health and safety procedures, including formwork-specific risk assessments and method statements

Maintain a safe and orderly work area at all times in line with site rules and Irish HSA requirements

Skills & Experience Requirements

Minimum 4 years' proven experience working as a Shuttering Carpenter on construction sites

Demonstrated experience with formwork and shuttering systems for reinforced concrete works

Ability to read and interpret engineering and construction drawings

Strong understanding of construction site safety practices and procedures

Ability to work independently and as part of a site-based construction team

No formal academic qualification required; trade experience is essential

Further on-the-job training will be provided as required
