Carpenter

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The Carpenter will be responsible for:

- Measuring, cutting, shaping, and assembling wood and other materials
- Constructing, installing, and repairing structures and fixtures including frameworks, roofs, floors, doors, and windows
- Building concrete formwork and installing framing for residential and commercial projects
- Ensuring all work meets quality standards and complies with building codes and safety regulations
- Operating hand tools, power tools, and carpentry equipment safely and efficiently
- Collaborating with other trades and construction team members on site

Skills:

- Proficient in using carpentry hand tools and power tools
- Strong measuring, cutting, and assembly skills
- Ability to read and interpret technical drawings and blueprints
- Good problem-solving abilities and attention to detail
- Understanding of building codes, safety regulations, and construction standards
- Knowledge of different materials, methods, and tools used in carpentry

Requirements:

- Minimum 2-3 years of carpentry experience in residential or commercial construction
- Proven track record of quality workmanship
- Physically fit and able to perform manual labour
- Reliable, punctual, and able to work as part of a team

- **Sector:** construction

Career Level

- Experienced [Non-Managerial]
