## Motor Vehicle Mechanic and Repairer

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Mounttown Motors Limited is seeking a highly skilled Motor Vehicle Mechanic and Repairer with a strong focus on vehicle maintenance, diagnostics, and repair. The successful candidate will be responsible for ensuring the safe, efficient, and timely upkeep of motor vehicles by accurately diagnosing faults, performing essential repairs, and carrying out preventive maintenance tasks to manufacturer standards.

#### Responsibilities –

1. Perform routine and scheduled maintenance on vehicles, including oil and filter changes, brake inspections, coolant flushes, and tire rotations.
2. Inspect, service, diagnose, and repair motor vehicle air conditioning systems, including refrigerant checks, leak detection, and component replacement.
3. Diagnose mechanical, electrical, electronic, and motor air conditioning system faults using modern diagnostic tools and testing procedures.
4. Execute repairs on engines, transmissions, brakes, steering, suspension, exhaust, electrical systems, and vehicle air conditioning systems.
5. Conduct detailed inspections to identify wear and tear or potential issues before failure occurs.
6. Maintain clear and accurate service records for all maintenance and repair activities.
7. Advise on necessary or recommended services and ensure customers and supervisors are informed of issues and progress.
8. Ensure all maintenance and repair work complies with safety regulations and manufacturer guidelines.
9. Use technical manuals, service bulletins, and diagnostic software to support fault identification and repair processes.
10. Stay current with developments in automotive technology and repair techniques.
11. Advise clients on necessary repairs, maintenance plans, and vehicle care best practices.

Requirement:

- 5+ years' experience in motor maintenance and repair.
- Strong diagnostic and fault-finding skills.
- Proficient with diagnostic tools and garage equipment.
- Solid knowledge of modern vehicle systems.
- Detail-oriented, safety- and quality-focused.
- Good communication skills; able to work independently or in a team.
- An Asian language proficiency is a plus.
- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles

#### **Career Level**

- Experienced [Non-Managerial]
