Window Fabricator In CNC Operative (Glass/Profile CNC)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Operating CNC glass cutting machines to cut glass panels to required dimensions

Programming or adjusting CNC cutting parameters based on production specifications

Reading and interpreting technical drawings and cutting schedules

Loading and handling glass sheets safely during the cutting process

Inspecting glass panels to ensure accuracy and quality standards are achieved

Performing routine machine checks and basic maintenance

Assisting with glazing preparation and handling of finished glass components

Maintaining a safe working environment and following health and safety procedures

examines drawings or specifications to determine job requirements;

scores plain, coloured, safety and ornamental glass with hand cutter and breaks off glass by hand or with pliers;

smoothes edges of glass and positions and secures in frame or grooved lead strips;

applies mastic, putty or adhesive between glass and frame

and trims off excess with knife;

fixes mirror panels to interior and exterior walls and repairs

and replaces broken glass.

Requirements:

Previous experience operating CNC glass cutting machinery or similar CNC equipment

Ability to read and interpret technical drawings and production measurements

Experience working in a glass processing or window manufacturing environment is desirable

Strong attention to detail and ability to maintain quality standards

Ability to work as part of a production team

Applicants should have a minimum of six months relevant experience in CNC operation, glass processing, or manufacturing environments.
