Blue Pulse Advanced Swimming Pool Engineering Limited is looking for a practical and reliable Technical Assistant Pool Service Technician to assist with swimming pool service, maintenance and installation works. This is a hands-on technical role suitable for someone who wants to develop practical skills in pool plant operation, pumps, filters, pipework, water treatment systems and basic automation.

Duties include assisting with swimming pool service and maintenance visits, cleaning and preparing plant rooms and equipment, helping with pumps, filters, valves and pipework, assisting during installation and construction works, loading and unloading materials and tools, following safety procedures when working around water-treatment chemicals, and learning swimming pool water treatment and plant operation.

Requirements: practical attitude, reliability, good timekeeping, ability to work physically, willingness to learn, basic English, and attention to safety. A full driving licence is preferred but not essential. Previous experience in construction, plumbing, electrical, mechanical work, farming, facilities maintenance or general labouring would be an advantage.

Training will be provided.
