Transport Operations and Commercial Driver - Apprenticeship

Job Description

First Year Apprentice Vacancy

The Cope is offering a Commercial Transport Apprenticeship, within its Builders Providers division, for intake in September 2026. This role will support the operation of a busy warehouse and a regional delivery fleet of vans and lorries.

This apprenticeship provides hands-on training in all aspects of commercial transport and logistics, including goods handling, safe loading and unloading, vehicle checks, route planning, customer deliveries, and warehouse operations. As the candidate progresses through their driving licences, they will gain practical, supervised experience operating a range of vehicles within the delivery fleet, building confidence and competence step by step. Alongside on-the-job learning, apprentices will complete formal training under the CDAP programme, developing the skills, safety awareness, and professional standards required for a long-term career in the transport and logistics sector.

Candidates must be eligible under the Apprenticeship Criteria. Visit <https://cdap.ie/> for details.
