Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The ideal candidate will be responsible for diagnosing, repairing, and maintaining vehicles, ensuring they meet high-quality standards. This role requires expertise in automotive systems, strong problem-solving skills, and a commitment to excellent workmanship.

Responsibilities

Servicing, repairing, and maintaining a range of vehicles, including commercial vehicles.

Identify any outstanding or due maintenance work or defects.

Diagnose and repair vehicles using diagnostic equipment.

Recording reports and diagnostic logs with all assessment work.

Keep and maintain a clean working area

Manage workflow effectively with diligence and flexible approach

Ensure all work is carried out by observing safe working practices of self and others.

Present a consistently professional image and behaviour to both internal and external customers, through attitude, query resolving and personal appearance.

An ability to work to high standards

Ensure that workshop housekeeping standards are maintained at all times including the use of special and personal tools.

Carry out repairs and servicing to the highest standards and to the appropriate specification.

Essential Skills & Experience

A positive attitude and a willingness to learn

Willingness to take instruction and learn

Wants to work as a part of a team

Likes to work on their own initiative

Commitment to a training and development programme when required

Good communication and interpersonal skills

Proven experience as mechanic

Strong knowledge of vehicle diagnostics, repair procedures and maintenance services

Ability to use diagnostic tools, repair equipment, and hand tools effectively

- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles
