Job Description

Sodexo is entering an exciting new phase of expansion across Ireland, and as part of this growth, they are seeking a dynamic Head of Procurement (Procurement Manager) to lead, elevate, and future-proof their procurement function.

You will take full ownership of the procurement strategy across Ireland, ensuring best-in-class supplier management, commercial optimisation, and operational excellence. As the business expands, you'll shape the roadmap, build capability, and drive continuous improvement across all categories.

This is a rare opportunity to join a fast-scaling organisation where procurement is seen as a strategic engine, not a back-office function. You'll be joining at a pivotal moment, with the autonomy to design and deliver a procurement function that supports long-term expansion across Ireland. This is a brand new role designed to fuel our ongoing growth. It's not about filling a gap - it's about strengthening our team as we scale and invest in the future of the Sodexo

Join Sodexo and be part of something greater. You belong in a team where you can act with purpose and thrive in your own way.
