Metal Fabrication - Apprenticeship

Job Description

First Year Apprentice Vacancy

Buttner Engineering are a diversified engineering company, specialising in bulk materials handling systems and high-quality steel fabrication serving clients in Ireland, the UK and beyond. We operate across a range of industries such as Pharma, Food and Data Centres, providing design, fabrication, procurement, installation, maintenance, project management and engineering services.

Based in Tipperary, Ireland since 1978, the Company's people, values and culture have been instrumental in the success of the business to date. What makes us different is that while we continue to grow our business we have still maintained that small company feel to our culture which enables us to ensure that our employees are always front and centre in everything we do.

We are currently looking to hire Metal Fabrication Apprentice to join our experienced team. As an Apprentice you will be guided and supported and will get the opportunity to work on leading-edge projects across our sectors to deliver excellence to our clients.

Candidates must;

- Be enthusiastic with a positive attitude
- Strong work ethic
- Willing to learn new skills
- Good team player
- Punctual & respectful
- Appreciate the important of adherence to all safety & quality regulations
- Live and breathe our core values

The minimum requirements are as follows;

- Must be 16 years or older
- Minimum educational requirements are: Grade D in five subjects in the Department of Education & Skills Junior Certificate Examination or an approved equivalent

Candidates will be required to complete an interview

If you are interested in this role, please apply by sending your CV to Human Resources
