## Welder/Metal Fabricator

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

We are seeking 2 skilled Welders / Metal Fabricators to join our growing team in Ireland. The successful candidates will be responsible for the fabrication, assembly, welding, installation, and repair of metal structures and components in accordance with engineering drawings and specifications.

#### Key Duties and Responsibilities

- Read and interpret engineering drawings, blueprints, and technical specifications.
- Fabricate, assemble, and install metal structures and components.
- Perform MIG, TIG, ARC, and other welding processes as required.
- Cut, shape, and prepare metal materials using appropriate tools and machinery.
- Inspect completed work to ensure quality and compliance with specifications.
- Repair and maintain metal structures and fabricated products.
- Operate fabrication equipment and hand tools safely.
- Comply with all health and safety regulations and company procedures.
- Work effectively both independently and as part of a team.

#### Requirements

- Minimum 2 years' experience as a Welder, Fabricator, or Metal Fabricator.
- Ability to read and interpret engineering and fabrication drawings.
- Experience with various welding techniques and fabrication methods.
- Strong attention to detail and commitment to quality workmanship.
- Good communication skills and ability to work in a team environment.
- English language skills sufficient for workplace communication.

#### Benefits

- Competitive salary.
- Full-time permanent position.
- Opportunities for career development and training.
- Supportive and professional working environment.
