Pharmacy Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job Description:

Accurately interpret and process prescriptions, ensuring compliance with legal, clinical, and regulatory requirements.

Assist in the preparation, labeling, and dispensing of prescription and over-the-counter medications under pharmacist supervision.

Maintain stringent inventory control by monitoring stock levels, expiry dates, and batch traceability to ensure continuous availability and compliance.

Implement and adhere to Standard Operating Procedures (SOPs) for medication handling, storage, and distribution.

Perform medication reconciliation support by verifying patient medication histories and flagging discrepancies for pharmacist review.

Key Requirements:

Practical experience in a retail or hospital pharmacy environment, handling prescription and OTC medications

Exposure to medication dispensing processes, including labeling, packaging, and verification workflows

Hands-on experience with pharmacy management systems (billing, inventory, prescription tracking)

Experience in inventory control and stock management, including expiry tracking and batch handling

Familiarity with controlled substances handling and documentation protocols

- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles

Career Level

- Experienced [Non-Managerial]
