Key Responsibilities

- Interpret and work from detailed joinery drawings and specifications
- Main duties would include manufacturing fire doors and screens, stairs, and general joinery which will be used in office fit outs, shopfronts, hotel fit outs.
- Measure, cut, and assemble bespoke wooden components using a variety of woodworking machinery and hand tools
- Ensure high-quality standards are met throughout the production process
- Perform quality control checks on finished pieces
- Collaborate with team members and project managers to meet deadlines and resolve issues
- Maintain a clean and organised workshop environment
- Follow all health and safety procedures

What We're Looking For:

- Minimum 5 years' experience in cabinet making required
- Strong understanding of joinery techniques and production processes
- Experience making stairs
- Ability to read and interpret technical drawings

- High attention to detail and craftsmanship
- Excellent problem-solving skills
- Ability to work independently and as part of a team
- Fluent English required
