Electromechanical Engineering Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Balscadden Online Limited T/A FITNESS EQUIPMENT IRELAND based in Unit 1 Kylemore Park West, Ballyfermot, Dublin, D10 WC62 is currently seeking to recruit one Electromechanical Engineering Technician to join its technical team. The successful candidate will be involved in the installation, maintenance and repair of electromechanical equipment and systems. A qualification in a relevant technical field would be an advantage.

Key Responsibilities

Carry out the installation, servicing and repair of electromechanical equipment at customer sites.

Diagnose electrical and mechanical faults and perform the necessary repairs to ensure equipment operates correctly.

Complete routine maintenance inspections and keep accurate service records.

Provide technical support to customers and advise on the safe operation of equipment.

Work closely with the engineering team to identify and resolve technical issues and improve equipment performance.

Contract Type: Permanent (24 months), Full-time

Working Hours: 39 hours per week

Salary: €36,605 per year
