Milking Machine Installer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

A client is currently recruiting for two Milk Machine Installers to join our team on a permanent, full-time basis.

The role involves the installation, servicing, maintenance, and repair of milking parlour equipment and dairy systems at customer sites. Duties include installing, maintaining, and servicing milking machines and associated dairy equipment, feeders, drafting gates, scraper systems, water treatment systems, and water pumps. The role also includes carrying out routine inspections, identifying and resolving equipment faults, undertaking preventative maintenance, and completing work in accordance with company procedures and health and safety requirements.

This is a permanent, full-time position based on a 39-hour working week. Training relevant to the role and the employer's operating procedures will be provided where required.
