Job Description

Vacancies

We are currently recruiting for Carpenters

Reporting To the General Manager. Your reporting structure will be clearly communicated during your induction and when assigned to your production area.

Main Duties & Experience required: Carpenters

Installing timber and composite components

Installing and fitting kitchens

Fitting floors, walls and ceilings

Installing insulation

Fixing internal wall boards

Installing doors, skirting and finishing joinery

Helping with final module assembly

General Responsibilities

Employees may also be required to

Operate manual and power equipment safely

Maintain a clean and organised work area

Identify and report defects

Carry out quality inspections

Wrap and prepare completed modules for transport

Follow all health and safety procedures

Work individually or as part of a production team

Participate in continuous improvement initiatives

Role Requirements

Personal Characteristics

Safe Pass & Manual Handling Certification is required.

Self-motivated and reliable

Strong work ethic

Ability to work independently and within a team

Commitment to quality workmanship

Good attention to detail

Willingness to learn new skills

Positive attitude towards health and safety

Key Performance Indicators

Each production area has clear daily and weekly production targets. Employees contribute towards achieving these through safe, efficient and high-quality workmanship.

Success will be measured by:

Zero Accidents

100% Quality Compliance

Meeting Production Targets

Waste maintained below specified targets

Positive contribution to continuous improvement initiatives

The company actively encourages employees to suggest improvements that enhance safety, quality, productivity or reduce costs.

Employees may also have opportunities to receive additional training and develop skills in other production areas.
