## Experienced Sheet Metal Worker / Site Fitter

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Aairex Environmental Ltd is seeking experienced Sheet Metal Workers / Site Fitters to join our team.

Aairex specialises in the design, manufacture, installation and servicing of dust extraction, fume extraction, ducting, filter plants and associated sheet metal systems for sectors including woodworking, precision engineering, pharmaceutical, construction and general manufacturing.

This is a hands-on role with approximately 70% site installation work and 30% workshop fabrication. The successful candidate will be involved in manufacturing and installing galvanised, stainless steel and mild steel ductwork, support steelwork, extraction systems, filter plant components and associated sheet metal products.

### Key Duties:

Installation of ductwork, extraction systems, filter units and associated components on customer sites

Fabrication of sheet metal products in the workshop when required

MIG welding as part of fabrication and installation work

Reading and working from technical drawings

Measuring, marking out, cutting, forming and assembling sheet metal components

Working with galvanised steel, stainless steel and mild steel

Carrying out site fitting, alterations and modifications

Working safely as part of an installation team

Maintaining a high standard of workmanship and finish

### Essential Requirements

Qualified Sheet Metal Worker or equivalent practical experience

Strong experience in site fitting and installation work

Ability to read and understand technical drawings

MIG welding experience

Good fabrication and assembly skills

Ability to work independently and as part of a team

Strong attention to detail

Reliable, practical and safety-conscious approach

Desirable but Not Essential

Training can be provided in-house for areas such as LEV systems, dust and fume extraction products, forklift, MEWP, Safe Pass, manual handling and other site-specific requirements.

Working Hours

Monday to Thursday: 8:00am – 5:30pm

Friday: 8:00am – 1:00pm

What We Offer

Full-time, permanent position

Varied work between site installation and workshop fabrication

Opportunity to work on specialist dust and fume extraction systems

In-house training on Aairex products and systems

Supportive team environment

Early finish every Friday

Long-term opportunity with an established Irish engineering company

About Aairex

Aairex Environmental Ltd is based in Monaghan and specialises in dust and fume extraction systems, ductwork, filter plants and industrial ventilation solutions. We manufacture and install systems for a wide range of industries across Ireland.
