Job Description

Water Feature & Fountain Technician

Full-Time | Commercial Water Features & Fountains

We are a leading specialist in the design, build, installation, maintenance of commercial water features and fountains. Working with clients across a variety of sectors, we deliver high-quality water feature solutions and ongoing maintenance services throughout the ROI

Due to continued growth, we are looking to recruit a motivated and practical Water Feature & Fountain Technician to join our team.

About the Role

This is a varied and hands-on position involving the installation, servicing, maintenance, and repair of commercial fountains and water features. The successful candidate will work both independently and as part of a team on a range of sites, ensuring our clients' water features operate to the highest standards.

Key Responsibilities

Installation of commercial water features and fountains

Planned preventative maintenance and servicing

Diagnosing faults and carrying out repairs

Plumbing and mechanical works associated with water feature systems

Pump installation, maintenance, and replacement

Pipework installation and repairs

Site inspections and condition reporting

Ensuring compliance with health and safety requirements

Maintaining excellent standards of workmanship and customer service

About You

The ideal candidate will have:

Previous experience within the construction industry

Practical plumbing knowledge and experience

Strong hands-on skills with a positive, can-do attitude

The ability to work independently and solve problems effectively

Good communication and organisational skills

A professional and reliable approach to work

A willingness to learn and develop new skills

Essential Requirements

Full, clean driving licence

Experience working in a practical construction, plumbing, or maintenance role

Ability to travel and work at various locations as required

Desirable (but not essential)

Experience with pumps, filtration systems, or water treatment equipment

Basic electrical fault-finding knowledge

Experience in fountain, swimming pool, irrigation, or water feature maintenance

CSCS card

What We Offer

Competitive salary based on experience

Company vehicle (subject to role requirements)

Ongoing training and development

Opportunity to work on unique and prestigious projects

Long-term career progression within a growing specialist business

To apply, please send your CV together with a brief summary of your relevant experience.

"We welcome applications from candidates with backgrounds in plumbing, construction, mechanical maintenance, swimming pools, irrigation systems, and related trades."
