Electronics Service Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

About the Role

Adam Tech4U Ltd is seeking a skilled Electronics Service Technician to join our growing repair team. The successful candidate will diagnose, repair and maintain electronic devices, with a primary focus on smartphones and other consumer electronic equipment. The role requires excellent fault-finding skills, attention to detail and the ability to deliver high-quality repairs within agreed timeframes.

Key Responsibilities

- Diagnose faults in smartphones and other electronic devices.
- Perform hardware repairs, including replacement of screens, batteries, charging ports, cameras and other components.
- Carry out component-level repairs and micro soldering where required.
- Repair water-damaged electronic devices.
- Install, update and troubleshoot device software and operating systems.
- Test repaired devices to ensure full functionality and quality standards are met.
- Maintain accurate repair records and inventory of replacement parts.
- Follow company quality, health and safety procedures.
- Provide technical advice and support to colleagues and customers when required.

Essential Requirements

- Minimum 1 year of relevant experience as an Electronics Service Technician, Mobile Phone Repair Technician or a similar electronic repair role.
- Experience diagnosing and repairing smartphones and consumer electronic devices.
- Good knowledge of Android and iOS devices.
- Ability to use electronic testing and repair equipment safely.
- Strong troubleshooting and problem-solving skills.
- Good communication skills in English.
- Ability to work independently and as part of a team.

Desirable Skills

Experience in motherboard repair and microsoldering.

Experience using diagnostic software and specialised repair tools.

Technical qualification in electronics, electrical engineering or a related discipline is an advantage but not essential.

Benefits

Permanent full-time employment.

Ongoing technical training and career development.

Friendly and supportive working environment.

Opportunity to work with modern repair equipment and technologies.

How to Apply

Interested applicants should submit a current CV and a brief cover letter outlining their relevant experience through JobsIreland before the closing date.
