## Motor Vehicle Technician

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Connolly Motor Group is recruiting multiple Motor Vehicle Technicians for their premises at Drumiskabole, Carraroe, Co Sligo.

The salary range starts from €36,605 to €56,000 based on a 39-hour week. Salary may be more based on experience and will increase proportionately if additional hours are required.

The role: The successful candidate will be required to diagnose, repair, and maintain ICE, HEV & EV Vehicles within the Service department. You will be required to deliver a high standard of repair within the workshop in line with specifications set out by manufacturer and processes set out by Connolly Motor Group. Role Responsibilities:

- Carry out warranty repairs in line with manufacturer and company processes and guidelines.
- Diagnosis, repairs, and servicing of vehicles to the highest standards and to the appropriate manufacturer specification
- Using diagnostic equipment and a systematic approach, ensure vehicle faults are diagnosed and rectified.
- Ensure full understanding of latest technology introduced on the vehicle range and how to diagnose and repair faults on them.
- Guide and assist lower qualified technicians and apprentices in correct procedures and processes in diagnosing and repairing vehicles to improve the overall knowledge and skills in the workshop.
- Complete relevant service documentation (Job sheets, PDI's, service reports) in line with ISO, warranty, and Dealership requirements

The person: Skills and Competencies:

- Minimum equivalent to an Irish level 6 Motor Technician qualification
- Must be a Volvo certified Master (Ultimate) Technician and can supply certification and proof of this training
- Excellent written and spoken English (Volvo Master Technician role has a customer facing element)
- A full and valid driving license that can be transferred to an Irish licence if necessary is essential for this role.
- Minimum of 3-5 years' experience in vehicle services and repairs since qualification
- Ability to work within a team.
- Ability to work on own initiative.
- Display a keen interest in Motor Vehicles
- Interested in working in a fast-paced environment.
- Attention to detail is fundamental to ensure quality is consistently delivered.
- Continuous improvement mindset, willing to attend brand training as required to maintain up to date knowledge.
- Ability and interest in interacting with customers to better understand faults to resolve in a timely manner.
- Build strong interdepartmental relationships and pay close attention to other departments requirements.
- Work independently in a busy, active environment, managing own time and workflow effectively.
- Present a consistently professional image to both internal and external customers, through attitude, behaviour, and personal appearance.
- Strong problem-solving ability to identify and resolve queries.
- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles

### Career Level

- Experienced [Non-Managerial]
