Logistics Associate - Apprenticeship

Job Description

First Year Apprentice Vacancy

**Logistics Associate Apprenticeship

Company: Endress+Hauser

Location: Kill Co.Kildare

At Endress+Hauser, progress happens by working together. As the global leader in measurement instrumentation, our ~18.000 employees shape the future in the field of process automation. Whether developing and realizing new technology as a team, collaborating to build instrumentation, or strengthening vital relationships with countless global industries, we work to create trusted relationships that help everyone thrive. As a family-owned company, we look beyond short-term moves and work to create a vision that is forward-thinking for our people, our clients, and the world at large.

What is the role about? As a Logistics Associate Apprentice, you will engage in a 2-year apprenticeship program at our Global Logistics Operations Center (G-LOC) within Endress+Hauser in Ireland. This program offers hands-on experience in various logistics challenges, providing a solid foundation for your future career in the logistics sector.

This role is currently based at our Ireland office in Kill, Co. Kildare. Please note that the office is scheduled to relocate to Citywest, Dublin in November 2026.

**Which tasks will you perform?

You will:

Handle various supply chain problems, such as but not limited to resolving logistical problems, ensuring timely delivery

Learn how to work with various tools needed for logistics system, such as Transportation Management System (TMS), SAP, and various data analytical tools which allows you to deep dive into the complexity of logistics world

Learn to meticulously document processes, including work instructions, customs, Standard Operations Procedures (SOPs), and Service Level Agreements (SLAs)

Ensure safety compliance and assist in logistics coordination

Participate in continuous improvement initiatives to enhance our logistics processes

****What do we expect from you?**

You:

Are motivated and willing to learn, particularly in the logistics field

Are adaptable and a team player

Are IT-Affine and have strong problem-solving abilities

What can you expect from us?

We offer you a start-up character combined with the security of a successful, internationally active family business

You'll join a diverse team, enhancing your multi-cultural expertise

We prioritize personal and professional development, providing training and continuing education in logistics, digitalization, and continuous improvement

How do you apply?

To apply, please upload your documents on our career page here:
