(Pharmaceutical) Production Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Mm Fiber Packaging Ireland Limited seeking 1 (Pharmaceutical) Production Operator.

Main Function of the Job:

To support the day-to-day production of pharmaceutical products by operating production equipment, preparing materials, monitoring manufacturing processes, and ensuring products are produced safely, efficiently and to the required quality standards.

Key Responsibilities:

- Operate and monitor production and packaging equipment.
- Prepare, handle and package pharmaceutical products in accordance with production schedules.
- Carry out routine production and packaging activities while maintaining product quality and efficient workflows.
- Perform basic in-process and packaging checks and report any production issues.
- Assist with equipment set-up, cleaning and routine maintenance to support continuous production.
- Work with the production team to achieve daily production and packaging targets while maintaining a safe and organised work area.
