Job Description

- Job Title: Service Technician 24/7 Shift Roster Days/Nights

- Job Summary:

The Service Technician is responsible for installing, maintaining, diagnosing, and repairing equipment and systems at customer sites or in-house. The role requires strong technical skills, problem-solving ability, and a customer-focused approach to ensure equipment operates safely, efficiently, and in compliance with company and regulatory standards.

- Key Responsibilities:

Install, commission, service, and repair equipment according to specifications and safety standards

Diagnose faults and perform corrective maintenance in a timely manner

Carry out routine preventative maintenance and inspections

Respond to service calls and breakdowns on-site or remotely

Test equipment after repair to ensure proper operation

Complete service reports, maintenance logs, and documentation accurately

Communicate clearly with customers regarding issues, solutions, and preventative measures

Maintain tools, test equipment, and service vehicles in good working order

Adhere to health, safety, and environmental regulations at all times

Liaise with technical support, parts, and engineering teams as required

Help train new employees as required

- Qualifications & Experience:

Technical diploma, trade certificate, or equivalent qualification

Relevant industry experience as a Service Technician or similar role

Valid driver's license (where field service is required)

Certifications or licenses relevant to the industry (preferred)

Eligibility to work in Republic of Ireland

- Skills & Competencies:

Strong mechanical, electrical, or electronic troubleshooting skills

Ability to read and interpret technical manuals, drawings, and schematics

Good problem-solving and analytical skills

Strong communication and customer service skills

Ability to work independently and manage time effectively

Basic computer literacy (service software, email, reporting tools)

- Working Conditions:

Based at Intel Ireland, Co Kildare

May require travel, or on-call availability

Exposure to machinery, tools, and varying environmental conditions

- Performance Measures:

First-time fix rate

Green to Green

Response and resolution times

Quality of service documentation

Customer satisfaction and feedback

Compliance with safety and quality standards

- Job Type: Full-time

- Pay: From €52,000.00 per year

- Benefits:

Company pension

Private medical insurance

- Work Location: In person

- **Sector:** manufacturing

Career Level

- Professional
