Fabricator Welder

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

McAree Engineering Works Limited are looking for multiple Fabricator Welders for their premises at Ballinode, County Monaghan, Ireland. H18 K103.

The salary ranges from €36,605 to €54,000 based on a 39-hour week. Salary may be more based on experience and will increase proportionately if additional hours are required.

The ideal candidate will have a range of skills and experience they can bring to McAree Engineering. The most important of these will be a can-do attitude and an ability to work with a small team to get the job done.

The role will involve both assembly and welding work on a range of metal fabrications in Mild and Galvanised Steel in light to medium gauge material.

The Ideal candidates will have:

Proven experience within a manufacturing environment

Experience of working with hand tools, both electrical and pneumatic

Ability to read and understand technical specifications

Good understanding of health & safety practices within a manufacturing environment

Ability to work on own initiative and as part of a team to deliver end results

Ability to work to deadlines ensuring the quality of end product

Attention to detail essential

Demonstrates a positive attitude and a flexible approach

Excellent time management skills.

MIG Welding Requirements:

Minimum 2 years MIG Welding experience

Ability to read and understand technical drawings essential

Fabrication experience essential

Ability to work as part of a multicultural team

Practical understanding of safe methods of work

- **Sector:** construction
