Window Fabricator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are seeking a skilled and detail-oriented Window Fabricator to join our production team. The successful candidate will be responsible for constructing, assembling, and preparing window units within a factory environment.

This is a full-time position of 39 hours per week and requires expertise with hand tools, power tools, and machinery, including CNC operation. Candidates with experience with metal structures is required.

Key Responsibilities Fabrication & Assembly

Measure, cut, and drill aluminum, uPVC, or timber profiles according to specifications

Assemble window frames and sashes

Install gaskets, seals, hinges, handles, locks, and other hardware components

Fit and secure glazing units into frames

Machinery Operation

Operate CNC machines, cutting saws, drilling equipment, and other fabrication tools

Set up machinery according to production requirements

Maintain equipment and report faults or maintenance needs

Technical Interpretation

Read and interpret CAD drawings, technical plans, and manufacturing specifications

Follow production schedules and job sheets accurately

Quality Control

Inspect completed window units for accuracy, alignment, and structural integrity

Ensure compliance with company and industry quality standards

Identify and rectify fabrication defects before dispatch

Safety & Compliance

Adhere to all workplace health and safety regulations

Use appropriate PPE at all times

Maintain a clean and organised work area

Required Skills & Qualifications Technical Skills

Minimum 2 years' experience as a Window Fabricator.

Operate and maintain CNC machines, cutting saws, drilling equipment, and other fabrication tools.

Excellent familiarity with CNC machinery

Ability to interpret technical drawings and measurements

Personal Attributes

Strong attention to detail and accuracy

Ability to work efficiently in a fast-paced environment

Strong teamwork and communication skills

Physical Requirements

Ability to lift and handle heavy materials

Comfortable standing for extended periods

Education & Certification

High school diploma or equivalent

On-the-job training or relevant workshop experience

Interior Design Technician diploma

Work Environment

Previous experience as a Window Fabricator.

Experience as an Interior Design Technician.

Proficiency using power tools and fabrication machinery; CNC experience preferred.

Ability to interpret technical drawings and measurements accurately.

Strong attention to detail and precision in assembly work.
