Diesel Engine Mechanics

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Multiple Locations :

- Armorum Limited,, Kylemore Park North,, Ballyfermot,, Co. Dublin, D10 TN56
- Armorum Limited,, JFK Industrial Estate,, Bluebell,, Co. Dublin, D12 TC60

Our client, Armorum Limited, based in Co. Dublin, is currently seeking Diesel Engine Mechanics for immediate start at their two facilities in Co. Dublin.

Key Responsibilities and duties

- Diagnose, service, repair, and overhaul diesel engines used in heavy equipment, cranes, trucks, generators, and industrial machinery
- To diagnose, service, and repair diesel engines and related components in heavy equipment and vehicles
- To conduct engine overhauls, rebuilds, and component replacements in accordance with manufacturer specifications
- To perform preventive maintenance, inspections, and tune-ups to ensure optimal performance and reliability
- To troubleshoot mechanical and electrical faults using diagnostic software, tools, and technical manuals
- To service and repair engine systems including fuel injection, turbocharging, exhaust, and cooling systems
- To work with major engine brands such as Liebherr, Caterpillar, Cummins and MTU
- To maintain accurate maintenance and repair records using company systems or service reports
- To follow all health, safety, and environmental procedures and ensure compliance with company policies
- To liaise with supervisors and parts departments to ensure timely completion of repairs and availability of components

Requirements:

- Candidates must have the requisite experience and knowledge to perform all job duties listed above
- Trade qualification or apprenticeship completion as a Diesel Mechanic, Heavy Equipment Technician, or equivalent.
- Minimum 3–5 years of hands-on experience working with heavy-duty diesel engines in a field service role
- Proven experience servicing and repairing engines from leading brands Liebherr, Caterpillar, Cummins and MTU
- Strong understanding of engine diagnostics, hydraulics, and electrical systems.
- Ability to interpret technical manuals, schematics, and service bulletins.
- Proficient in the use of diagnostic and calibration tools.
- Excellent problem-solving and analytical skills.
- Strong commitment to safety, quality, and continuous improvement.

Annual Remuneration: €56,784.00; Pay Rate €28.00 per hour

Work Locations:

- Armorum Limited, Kylemore Park North, Ballyfermot, Co. Dublin, D10 TN56
