Home Support Worker

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Bud Healthcare | Louth, Meath & Longford | Full-Time, Permanent | 39 hours per week | €32,691 per annum

Empowering Health, Enriching Lives

About Us

Bud Healthcare is a provider of residential and supported living services for adults with disabilities and mental health support needs. Based in Drogheda and operating services across Louth, Meath and Longford, we support people to live full, independent lives in their own homes and communities. We are growing, and we're looking for caring, reliable people to grow with us.

The Role

As a Home Support Worker, you will support adults with disabilities and mental health needs in residential and community settings. Your day-to-day work will include:

Supporting service users with personal care, daily living skills and household routines

Promoting independence, choice and community inclusion in line with each person's individual support plan

Supporting people to attend appointments, activities and social outings

Administering medication in line with policy and training

Keeping clear, accurate records and reporting concerns promptly

Working as part of a supportive team on a structured roster, including some evenings, weekends and sleepovers/waking nights as required

What You Will Need

Full driving licence – essential. You will be driving service users to appointments and activities, so a full clean licence and willingness to drive company or service vehicles is a must.

Willingness to complete QQI Level 5 in Healthcare Support or Disability Studies. If you do not already hold it, we will support you to complete it – you'll be expected to make progress on your modules during your first year with us.

Experience in disability, mental health, healthcare or social care is an advantage – but attitude matters most. We welcome applications from people new to the sector who share our values.

Strong communication skills, patience, and genuine respect for the people we support

Flexibility to work across our Louth, Meath and Longford locations

Garda vetting and two satisfactory references (arranged as part of recruitment)

Eligibility to work in Ireland

What We Offer

€32,691 per annum (39-hour week)

Permanent full-time contract

Paid mandatory training (including MAPA, First Aid/BLS, medication management, safeguarding and infection prevention & control)

Full support and funding pathway to complete your QQI Level 5

Regular supervision, a structured induction and real opportunities to progress as we grow

A close-knit, values-led team where your work genuinely changes lives

How to Apply

Send your CV to hr@budhealthcare.ie for an informal chat about the role. Applications are reviewed on a rolling basis – early applications are encouraged.

Bud Healthcare is an equal opportunities employer. All posts are subject to Garda vetting, reference checks and evidence of eligibility to work in Ireland.
