Logistics and Freight Forwarder

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The Logistics and Freight Forwarder is responsible for coordinating and managing international freight forwarding and logistics operations to ensure the efficient movement of customer shipments across global supply chains. The role involves planning, executing, monitoring, and controlling import and export shipments while ensuring compliance with customs regulations, transportation requirements, customer service standards, and company procedures. The position supports multimodal freight operations and contributes to operational excellence, customer satisfaction, and business growth.

Responsibilities:

Coordinate international import and export shipments across air, ocean, and road freight

Manage end-to-end freight movements, ensuring timely delivery and operational efficiency

Liaise with carriers, agents, customs authorities, overseas offices, and customers to ensure smooth shipment execution

Arrange bookings, transportation, and cost-effective multimodal logistics solutions

Track shipments and resolve delays or operational issues while maintaining service levels

Prepare and process customs documentation, ensuring compliance with Irish, EU, and international trade regulations

Coordinate Dangerous Goods and GDP-compliant shipments where applicable

Deliver excellent customer service through proactive communication and issue resolution

Prepare freight quotations and support customers with tailored transport solutions

Use CargoWise and other logistics systems to manage shipments, milestones, and documentation

Maintain accurate operational data, invoicing, cost allocations, and reporting records

Collaborate with internal teams, customers, and business partners while providing operational support and holiday cover as required

Qualifications:

Bachelor's Degree in Transport, Logistics, Supply Chain Management, International Business, or a

related discipline

Minimum three years' experience in freight forwarding, international logistics, transport operations, or supply chain management

Experience managing import and export freight movements

Experience in customs clearance activities and international trade documentation

Experience within GDP-regulated logistics environments is desirable

Dangerous Goods handling experience is desirable

Strong understanding of international freight forwarding operations

Knowledge of air freight, sea freight, and road freight processes

Understanding of customs regulations, international trade documentation, and transport compliance requirements

Knowledge of supply chain and logistics best practices

What AIT Can Offer You:

A company pension plan, with AIT matching employee contributions up to 4%

Private health care, supported by a cash allowance

Five paid volunteer hours per year, giving you the opportunity to give back to the community

37.5-hour work week with a healthy work-life balance

Annual salary of €43,000 gross

- **Sector:** transportation and storage
